IMPORTANT <p>Please record the serial number of this unit in the space below.</p>
Model
Serial No.
The serial number is located on the bottom or rear of the unit. Retain this document in a safe place for future reference.

Please read these precautions carefully before using this product.

Precautions that must be observed

Be sure to carefully read and observe the following precautions to avoid harm to yourself or to others, as well as damage to your personal property. After reading, please keep this document readily available for anyone who uses this product.

- For inspection or repair, please contact one of the following customer centers.

- The store where you purchased the product
- Yamaha dealer
- This product is intended for use as a general household device. Do not use it in any field or activity requiring a high degree of reliability in regard to human lives or valuable assets.
- Please note that Yamaha accepts no liability for any losses resulting from improper use or unauthorized modification of this product.

 WARNING

These precautions alert you to the possibility of death or serious injury to yourself or others.

If you notice any abnormality

- If any of the following abnormalities occur, stop using this product immediately.
 - Unusual smells, sounds or smoke coming from the product
 - Foreign matter or water gets inside the product
 - An unusual amount of heat from the product
 - Cracks or damage to the product
 - The USB cable connected to the product is damaged
- Continuing to use the product as-is may result in burns, injury, fire, ignition, explosion, fluid leakage, electric shock or malfunction. Have the product inspected or repaired immediately.

Charging (Charging devices compatible with this product)

- Use a commercially available USB power adapter (DC 5 V, 2 A or more) that is compatible with the device to charge. Using a non-compliant USB power adapter may cause a fire, explosion, fluid leakage, electric shock, or malfunction. Refer to the instruction manual of the device to charge regarding compatible USB power adapters.
- Use only the USB cable included with the product to be charged. Failure to observe this may cause electric shock, a fire, or malfunction.
- Charge the device within the specified charging temperature range. Charging at a temperature outside this range may cause a fire, explosion, fluid leakage, electric shock, or malfunction. Refer to the instruction manual of the device to charge regarding the charging temperature range.
- Do not cover the product with blankets, clothing or similar materials while charging. This may cause overheating or ignite a fire.

Do not disassemble

- Do not disassemble or modify this product. Failure to observe this may cause a fire, electric shock, injury, or malfunction.

Water warning

- Do not use in damp or wet places such as in the bathroom or outdoors near a body of water. A liquid such as water getting into the product may cause a fire, electric shock, or malfunction.
- Do not handle this product with wet hands. Failure to observe this may cause electric shock or malfunction.

Fire warning

- Do not use open flame near this product. Failure to observe this may cause electric shock, a fire, or malfunction.

Handling

- Do not hold this product or apply any strong impact to the product. Failure to observe this may cause electric shock, a fire, or malfunction.
- Do not place metallic objects on the product. Failure to observe this may cause electric shock, a fire, or malfunction.

 CAUTION

These precautions alert you to the possibility of physical injury to yourself or others.

Installation

- Do not place the product in an unstable position where it might accidentally drop and cause injury.

Handling

- Observe the following:
 - Do not stand on or sit on the product.
 - Do not put heavy items on the product.
- Failure to observe these precautions may cause injury or malfunction.
- Do not pull the cable connected to the product. Failure to observe this may cause devices to fall and result in injury or damage.

NOTICE

Follow the precautions below to avoid malfunction and damage to this product.

- Do not install this product in a place subject to:
 - Direct sunlight
 - Extremely high or low temperatures or atmospheric pressure
 - Excessive dust or humidity
 - Corrosive gases or salt air, or excessive smoke or steam
- Otherwise, malfunction or damage to the product may be caused.
- When cleaning the product, use a dry, soft cloth. Using chemicals such as benzine or thinner, cleaning agents, or chemical scrubbing cloths can cause discoloration or deformation.
- Observe the following:
 - Do not apply unreasonable force to the port.
 - Do not pull on the USB cable connected to the product.
- Failure to observe these precautions may damage the product.
